REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT
DETERMINATION UNDER 37 C.F.R. § 1.705(b)

The Applicant respectfully requests that the Office reconsider the patent term adjustment determination for the above-identified patent application. In support, the Applicant submits the following:

1. In the Notice of Allowance dated November 23, 2009, the patent term adjustment was determined to be 60 days. The Applicant believes this determination to be in error.
2. The Applicant believes the correct patent term adjustment should be calculated as 750 days.
3. This patent application was filed on January 23, 2002.

4. The first Office Action was mailed on November 30, 2004. The first Office Action was therefore issued 618 days after fourteen months from the filing date (+618 days).

5. The three-year mark after filing is January 23, 2005. A request for continued examination was filed on February 12, 2008. As a result, the Applicant is entitled to a maximum additional adjustment of 1,113 days (+1113 days) for the time between January 23, 2005 and February 12, 2008 to the extent that this time period does not overlap with other adjustments.

6. The Applicant's response to the November 30, 2004 Office Action was received on March 3, 2005, resulting in a deduction of 3 days (-3 days).

7. The Office issued the next Office Action on July 13, 2005, which is 10 days after four months from the filing date of the Applicant's prior response (+10 days).

8. This application went unintentionally abandoned on November 30, 2006. A petition to revive was granted on March 14, 2008. The time of abandonment between November 30, 2006 and March 14, 2008 results in a deduction of 470 days (-470 days).

9. Of the 1,113-day period noted in Section 5 above, 483 days (3 days + 10 days + 470 days) overlap, resulting in a net adjustment of 630 days (+630 days).

10. The Applicant's response to the June 3, 2008 Office Action was received on October 3, 2008, resulting in a deduction of 30 days (-30 days).

11. After a notice of allowance was mailed on May 29, 2009, the Applicant filed a second request for continued examination that was received on September 3, 2009, resulting in a deduction of 5 days (-5 days).

12. The Applicant therefore believes the correct patent term adjustment should be

calculated as 750 days (618 days – 3 days + 10 days – 470 days + 630 days – 30 days – 5 days).

13. In the event the Applicant's calculation is incorrect and the Applicant is entitled to a patent term adjustment greater than 750 days, the Applicant respectfully requests the Office to determine and issue the proper patent term adjustment entitled to the Applicant.

Therefore, the Applicant respectfully requests that the Office reconsider the determination of patent term adjustment and find that the Applicant is entitled to a patent term adjustment in the amount of 750 days.

If any issues arise, the Applicant respectfully invites the Office to contact the undersigned at the telephone number indicated below or at *rmccutcheon@munckcarter.com*.

The Applicant has included the appropriate fee for this petition. The Commissioner is hereby authorized to charge any additional fees connected with this communication or credit any overpayment to Deposit Account No. 50-0208.

Respectfully submitted,
